## Why practice in the COMOX VALLEY? ...why not?

- The Comox Valley is one of the *best kept secrets on the Island!*
- We have one of the *mildest climates in Canada*
- We are surrounded by nature with wildlife on your doorstep...sometimes literally!
- We offer a *warm and welcoming small town atmosphere* with many amenities of a larger city.
- Each of the communities have something special to offer:
  - A *relaxed seaside town* in Comox;
  - A *young and artistic lifestyle* in Cumberland;
  - A *bustling city* in Courtenay; and
  - *Idyllic rural areas* from Fanny Bay in the South to Black Creek in the North.
- A *renowned local food scene*, including vineyards and bistros, farm markets, and award-winning fine dining.
- *Year-round adventure* from alpine skiing to deep sea diving, golf, mountain biking to kilometers of shoreline for paddlers to explore.
- Plays host to more than *50 annual festivals*, including the world famous Filberg Festival, Vancouver Island Music Fest and the BC Shellfish & Seafood Festival
- *Daily professional performing arts* at the Sid Williams Theatre - it is one of the busiest venues of its size in British Columbia.
- All this with affordable real estate, low cost of living, ...why would you not want to live here!

### About our physician community

- Our physicians living here focus on having a healthy work/life balance.
- We have 82 full-service family physicians. 13 medical clinics, 2 walk-in clinics and a Military base clinic.
- Acute care services are provided by St. Joseph's General Hospital with a new acute care hospital being built to open 2018
- The Comox Valley Division of Family Practice has almost 100% participation among GPs in the region and has developed strong partnerships with local agencies that provide services for vulnerable populations in our community.

**A PRACTICE WITH A VIEW...** *just one of the many reasons to locum in the Valley*
